Kindly modify the conclusion. Do not copy lines from abstract. 4. Write 1 or 2 lines describing the Yala and Maha season in the Introduction section. 5. Write a few sentences on environmental impact of using chemical fertilizers in the introduction section. 6. Under section 3.6 Government initiatives to overcome the fertilizer crisis. It is written," Therefore, it requires a period of time for its reclamation by the application of organic sources [21]" Kindly explain reclamation of what?	I attended the comments and made some correction in paper. 6.Due to the excessive application of chemical fertilizers soil was already infertile and poor in nutrients and soil organisms . if we add the organic fertilizers we have to wait for a certain time period to observe the better yield. Time is required to reclamation of soil by organic sources application.
