Type of the Article	Review Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Manuscript is lack of information globally as well as nationally. It should have a basic idea on what basis the review method is adopted for this review article.	Noted and corrected
Is the title of the article suitable? (If not please suggest an alternative title)	Very generic and it needs to be more in depth on what aspects the impact is reviewed pertaining to surface and groundwater.	Noted and corrected
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract should contain the following aspect for about 200 words: Introduction Review background Methodology adopted for review papers collected. Research gap and scope for future study.	Noted and corrected
Are subsections and structure of the manuscript appropriate?	Very common and generic. It seems to be like a project report and not like a manuscript. Basic information definitions and its importance everyone knows, what is the need of that in the manuscript. Be more specific on the impact across the world.	Noted and corrected
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It requires more technical and scientific information based on the points gathered from the review papers. I couldn't find any fruitful and effective information in the manuscript.	Noted and corrected
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Very less in numbers and moreover few of them are very old.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Language is not up to the readable level. It requires a thorough revision with respect to the English.	Noted and corrected
Optional/General comments	It needs a major revision.
