

Please, consider the following:

1- Check the manuscript for the following spelling corrections;

-In title; **COMUNITIES**, communities

-In 2.1 Type of Survey ; **behavioural**, behavioral

-In first paragraph of discussion; **advise**, advice

-In third paragraph of discussion; On segregation by sex. The analysis **show**, shows

-In conclusion; **behaviours**, behaviors

2- **2.51 Packaging Blood Spots and Storage**; adjust the number as 2.5.2

3- In the final list of references; the reference number 32 is missing or there is a shift in numbering, so, please revise the whole list with that mentioned in the text.

Thank you
