

Editor's Comment:

I have read the reviewer's comment and also the Author's comment and corrections for the manuscript titled: "COVID-19 VACCINE UPTAKE, UNMET NEED AND REPORTED SIDE EFFECT IN NIGERIA: AN ONLINE CROSS-SECTIONAL STUDY" (2022/AJRID/84577) an original article submitted to the Asian Journal of Research in Infectious Diseases.

Despite the small sample size, the work is interesting. The article is acceptable for publication.
