General Comments:

- A. Proper language check has been done and effected on the attached clean copy of the manuscript, hence it should be used to effect the below suggestions.
- B. The underlisted references should be provided and properly cited;
 - 1. Withner et al [9] - is rather [7]
 - 2. Several references in the discussion section are not found in the reference section.
 - i. HF-ACTION study
 - ii. COACH study
 - iii. Blumenthal et al
 - iv. Framingham Heart and Hillingdon Heart Failure Studies
 - v. Rotterdam study
 - vi. Coach study
 - vii. CHARM study
 - viii. PARADIGM-HF study

Decision: Accept for publication after effecting the above changes.
