Type of the Article	Minireview Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalahrj.com/index.php/AHRJ/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<b>1-Abstract should contain a brief introduction about the modifiable factors in hematological diseases, then the aim of the article and a brief conclusion. 2- Instead of writing discussion, the title should be literature review but not discussion. 3-The introduction should be focused on the hematological diseases and brief explanation about them and no need to explain the normal values of blood contents in details. 4- Aim of article should be written after introduction and before literature review.</b>	Comment accepted and considered
<b><u>Minor</u></b> REVISION comments	Introduction can be summarized and the main hematological malignancies mentioned.	Comment accepted and considered
<b><u>Optional/General</u></b> comments	The title of the review is better to be ( Role of modifiable factors on hematological malignancies)	Comment accepted and considered

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<b><u>(If yes, Kindly please write down the ethical issues here in details)</u></b>
