Manuscript Number:	Ms_AIR_89224
Title of the Manuscript:	Measurements of Meteorological Variables in a Tropical Location, Ile-Ife, Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalair.com/index.php/AIR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Can be considered for the publication with the following consideration.	
Minor REVISION comments	Please discuss a bit details about Radiation in the section 1.1. In this case, I suggest to follow the literature http://dx.doi.org/10.4236/cweee.2016.52006 . This literature (Section 2) is very fruitful.	The literature that was suggested is about the estimation of radiation. However, this section of manuscript is about measurement of radiation.
Optional/General comments	This manuscript requires minor English language editing. I suggest Author to ask another English-speaking colleague to check your revised manuscript.	The manuscript has been revised for English language editing.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
