This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. The Introduction is too short and should be enlarged.</p> <p>2. The Introduction lacks literature(reference) backing up claims. Authors should therefore be cited to back up every claim.</p> <p>3. There is no geographical description of the study area for easy location by oher workers using global positioning system.</p> <p>4. Methods of data analysis are missing and should be included for clarity.</p>	Corrected
Minor REVISION comments	See the manuscripts for minor corrections and effect them.	Ok
Optional/General comments	To make the results and discussion smart and not clumsy, there should be subhead of each of the profile characteristics. For example:3.1 Distribution of respondents according their ages. 3.2 Distribution of respondents according their fatalism etc.	Noted

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
