PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | Education is very important in dairy farm management, which is in the management of a very small community in the world. This study is important in this context but the manuscript should be revised. In the introduction part, statistics on animal husbandry in the country can be given. There is no statistical method in which the data obtained are evaluated. Which method were the rank of knowledge gain obtained in Table 2? Reference writing should be reviewed. Graphical results may be more understandable. | Stats added. References reviewed Graphically represented. |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
