### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"><li>Indicate specific study objectives to align with the analysed variables in section 3. (results)</li><li>Indicate the period considered for literature review (example between 1999 – 2021)</li><li>State the search strategy and source of materials</li><li>Explain how you conducted content analysis to arrive at the findings/results</li></ul>	We have now specified the objectives of the study and the period considered for the literature in the document. It was specified that we made the content analysis based on the analysis of the ideas conveyed by the legislative, political and organizational framework of SLM in Benin.
<b>Minor</b> REVISION comments	Reference should be in sentence case  Recommendations if provided will help policy makers and other actors interested in the study findings	References are in sentence case.  We recommend that beyond reinforcement the capacity of actors and the promotion of SLM measures, policies and laws should trigger curiosity and creativity of actors in testing and sustainable adoption of Sustainable Land Management.
<b>Optional/General</b> comments		

### PART 2:
