PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The document rather than an article derived from research appears to be a report or a report.</p> <p>The method is a matrix but the methodology is not clear.</p> <p>The quantitative data as well as the choice of data are not clear.</p> <p>It is suggested to expand the conclusions.</p> <p>It is suggested to expand the references and specify very well the categories used.</p> <p>It is suggested to divide the results of the discussion, since the first are the findings and the second are the results in contrast with the specialized literature.</p>	<p>With due respect, some of the comments are not clear; hence based on my understanding the comments have been noted and corrections have been incorporated in the final document.</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
