| <u>Minor</u> REVISION comments | <p>In Methodology, the author can add the methods he used for calculations, in order to obtain the results presented in Tables 2 and 3.</p> <p>Table 1 is split in two, which is very strange. Please correct this. Also, there are a lot of additional spaces, making it very large.</p> <p>After Table 3 there are 7 paragraphs starting like this: "Table 3... showed/also showed/revealed/also revealed". Replace with something else.</p> <p>"Per cent" or "%"? Decide and use only one of them.</p> <p>"m ha" and "mt" aren't explained – it's hard to understand they are "million ha" and "million tons".</p> | The manuscript has been revised as suggested. |
