Review Form 1.6

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | <ol style="list-style-type: none"> 1. In writing the contents of the draft paper manuscript, starting from the title menu to the reference menu, it is obligatory to follow the style of the writing template format that has been determined. Such as: the typeface, the type of font, the use of capital letters in each chapter, and so on. 2. The abstract must be written systematically and sequentially, and written with the title sentence and explanation starting from: Objectives, Study Design, Place and Duration of Study, Methodology, Results, and Conclusions. 3. In the contents of the paper, it is recommended to follow the systematic writing style that applies to this journal, starting from the chapters: 1. INTRODUCTION, 2. METHODOLOGY, 3. RESULTS AND DISCUSSION, 4. CONCLUSIONS, ACKNOWLEDGMENTS, COMPETING INTERESTS, AND REFERENCES (adjust according to the content of template provided). 4. In chapter 1. INTRODUCTION, there is no paragraph explaining the specific problem, namely what are the things that are still the shortcomings or weaknesses of potato farmers so far in implementing practices for producing potatoes in Prayagraj district, Uttar Pradesh? (explanation of the problem will be better if it is supported by data or supported by facts in the field). 5. In chapter 1. INTRODUCTION, there is no more in-depth explanation paragraph about the proposed solution, namely what types and forms of adoption can be applied by farmers in the future, in order to produce better potatoes in the future than before in Prayagraj district, Uttar Pradesh? (explanation of the solution offered will be better, if it is supported by data or supported by the results of related research). 6. In writing the citation, in the contents of the draft paper manuscript, starting from chapter 1. INTRODUCTION to chapter 3. RESULTS AND DISCUSSION, must follow the style of writing template format that has been determined. Such as: [1], [2], [3], and so on. 7. In chapter 2. METHODOLOGY, it is recommended that ten villages from the Phoolpur block are selected to be the object of research, it will be more informative, if the ten villages are mentioned by name one by one, and it will be even better, if it is equipped with a map of the research location. 8. In chapter 2. METHODOLOGY, as many as 120 respondents were chosen at random, in order to be more informative, it is necessary to describe more specifically, from the ten villages in question, how many representatives of the respondents from each village? 9. In chapter 2. METHODOLOGY, as many as 120 respondents were chosen at random, in order to be more informative, it is necessary to describe more specifically, what characteristics are eligible to be selected as suitable respondents in your research? 10. In chapter 2. METHODOLOGY, to be more informative, it is necessary to explain in detail, what are the indicators intended to measure the socioeconomic character of the respondents, and why are they needed in your research? 11. In chapter 2. METHODOLOGY, to be more informative, it is necessary to explain in detail, what instruments are used to measure the socioeconomic character of the respondents in your research? 12. In chapter 2. METHODOLOGY, to be more informative, it is necessary to explain in detail, which sources of data or information were obtained from which agencies were used to measure the socioeconomic character of the | <p>I agreed with reviewer, I corrected the manuscript and highlighted that part with yellow colour.</p> <p>Whatever revision comments given in references that reference all are from socio economic scale developed by different scientists.</p> <p>I have discussed with my co-authors and revised the manuscript as per requirement.</p> |
