PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Grammatical mistakes to be cleared	I agreed with the reviewer. I have corrected the grammatical mistakes and highlighted it with yellow.
<u>Minor</u> REVISION comments	Literature review needs to be conducted with more articles .References need to be cited. Follow proper format.	I agreed with the reviewer. I have corrected the manuscript but I do not agree with the point that more literature review needs to be conducted as I have already cited references and the literature review is more than enough from my side.
<u>Optional/General</u> comments	Reponses size of population can be increased. Analysis can be used using any tool like Excel Annova. It gives simple observations.	I agreed with the reviewer but the population size cannot be increased as the survey has already been conducted and 20 respondents from six villages were selected, making a total of 120 respondents.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	No, there are no ethical issues in the manuscript.
