

Review Form 1.6

Journal Name:	<a href="#">Asian Journal of Biochemistry, Genetics and Molecular Biology</a>
Manuscript Number:	Ms_AJBGMB_84413
Title of the Manuscript:	Gene Therapy: Recent Advancement and Challenges
Type of the Article	Commentary

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.  
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajbgmb.com/index.php/AJBGMB/editorial-policy> )

**PART 1:** Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	The author needs to write more specifically about the mechanism of action of CAR T cells which may usher the latest revolution in gene therapy. The author's statement on Liver Transplant regarding use of iPSCs is not the current practice although a reference is provided.	As suggested, we have described more specifically about the mechanism of action of CAR T cells which may usher the latest revolution in gene therapy.  As suggested, we have clarified that Liver Transplant regarding use of iPSCs is not the current practice.
<b><u>Minor</u></b> REVISION comments	A couple of sentences on use of Liposomes in genre therapy may be included.	As suggested, we have included few sentences about the use of Liposomes in gene therapy.
<b><u>Optional/General</u></b> comments		

**PART 2:**

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
