### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcrs.com/index.php/AJCRS/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Check and fix grammatical errors</b> <b>Journal format should be followed</b>	Grammatical errors have been checked and corrected. I can't find the official journal format; can you send me the instructions of the official format?
<b>Minor</b> REVISION comments	Add following references  Peter NG, Clark LR, Jaeger JR. Fitz-Hugh-Curtis syndrome: a diagnosis to consider in women with right upper quadrant pain. Cleveland Clinic journal of medicine. 2004 Mar 1;71(3):233-41.  Lopez-Zeno JA, Keith LG, Berger GS. The Fitz-Hugh-Curtis syndrome revisited. Changing perspectives after half a century. The Journal of reproductive medicine. 1985 Aug 1;30(8):567-82.	Agree.
<b>Optional/General</b> comments	Very good case report. The interesting about the case reports is to make known the different ways that there are in the world to approach this type of patients. always with the intention of better medical care in a future.	Thanks!

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No ethical issues
