General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljemt.com/index.php/JEMT/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Theoretical literature should be briefly presented	The theory is brief already . But recall that it gives a clearer understanding of the analysis of findings in section four. However, I have reduced it to an extent so that the study would not lose its value
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

PART 2:

	Reviewer's comment	Author's comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	I do not agree with all the highlights because this is a original scientific research which need some clarification for the reader to understand how the author arrived at the econometric analysis. However , to some extent, I have been able to reduce the whole work. Please I want the title to be changed to AN EMPIRICAL ANALYSIS OF MONETARY POLICY TRANSMISSION INSTRUMENTS AND NON-OIL REAL SECTOR PRIVATE INVESTMENT IN NIGERIA
