PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and hight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Text citation should be properly written Should check word spacing for the entire article Full stop and commas (punctuation not clearly written	Word spacing as well as jammed words corrected. This problem usually occurs when manuscript is being forwarded. Punctuations have been observed.
<u>Minor</u> REVISION comments	Reference writing was unclear	I do not seem to understand this comment. Reference is numbered so that with lhe number, one can easily locate the citation both in the body and Reference column of the manuscript. The Referencing method also ensures that all the citations in the body of the manuscript are captured in the Reference colum. Many authors avoid it because it takes a lot of time.
<u>Optional/General</u> comments	Good work (author has shown excellent knowledge about the content)	Thanks for your commendation
