Compulsory REVISION comments This paper is sound in terms of organisation, contents and analysis. It is publishable. However, these one point may be included to enhance its quality. 1. The title should be 'Trend Analysis of Vehicular Traffic Contributions to Air Pollution in Urban Cities: A Case Study of Port Harcourt Nigeria'	The inclusion of the Case Study in the title will give the work a focus and direction. My reading of the work revealed that the case study is Port Harcourt city in Nlgeria but it was not properly conveyed in the title.	I agreed with the reviewer on the inclusion of "A case Study of Port Harcourt Nigeria" in the title.
Minor REVISION comments 1. Typographical Errors 2. A little description of the study area (case study area) should be made under Materials and Methods	Very scanty typographical errors were noticed which can be ignored.
