### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajess.com/index.php/AJESS/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The researcher should work on: <ul style="list-style-type: none"><li>- The study model indicating the dependent and independent variables.</li><li>- The introduction is too long</li></ul>	Descriptive survey design
<b>Minor</b> REVISION comments	The researcher should work on: <ul style="list-style-type: none"><li>- The variables (dependent, independent, control) variables should be in figure form.</li><li>- There is no previous literature and studies</li></ul>	
<b>Optional/General</b> comments	The paper is excellent and it brings valuable contribution to the field of economics. I recommend this study for publication since it has a lot of relevance for the international readers of the journal.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Corrections are effected
