General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The material and methods section must be all rewritten because it is confusing and there is a lack of information regarding to the questionnaires used and about the expert judges.	OK, I have corrected the materials and methods section, the expert judgment is a professor and lecturer of fishery product processing technology at Padjadjaran University, as well as an employee of the marine and fisheries service in West Java province in the fishery product processing department.
Minor REVISION comments	Graph titles must be translated to English. English style used in this manuscript must be revised.	OK, I've translated it into English
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
