PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Delight full greetings ,Dear Editors and the authors, there is a serious issue which must be corrected to publish the paper I already put on the paper but to give the general direction:</p> <ol style="list-style-type: none">1. The title must be SMART(specific, measurable, achievable)2. The paper or the manuscript has a serious spelling error you have to revise it3. It has also serious grammatical issue, the coherence of the sentence,...4. The font size, type is not uniform some are Arial some are times new roman and some are others.....5. The writing way of the paper seems proposal not a manuscript, specifically the methodology section is literally a proposal in the manuscript the future tense must be changed to past tense6. Statistical model of analysis will be also revised7. The reference is entered manually it is not appropriate it must be entered via soft ware like medley or endnote software	<ul style="list-style-type: none">- All comments are taken into consideration , corrections have been done and marked yellow in the text.-
Minor REVISION comments		
Optional/General comments	<p>Delight full greetings, I am really interested to this paper because as we all know the morbidity and mortality of this COVID-19 in a pandemic manner in the globe is high. So studying this title is very interesting. But there is a serious grammatical issue in this manuscript preparation.</p> <p>The issues was already commented on the paper</p>	Language has been revised and corrected, marked yellow inside the text
