PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Manuscript with results of an analysis on contraceptive usage and associated factors among adolescents in the Kwahu South District of the Eastern Region of Ghana. Descriptive cross-sectional survey well designed. Adjusted the number of patients enrolled and corrected the statistical analysis.	Thank you for your kind words. We are motivated to do more.
Minor REVISION comments	Some layout errors in the tables presented.	Yes, we acknowledged that although table two (2) was mentioned in the main text, the table was not shown. We have subsequently added the table and highlighted for your perusals. The layouts of the tables too have been improved.
Optional/General comments	The bibliography shown is also accurate.	Thank you very much for your kind works. We are grateful Sir.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
