PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">• The title of the article should be re-coin to sound problem solving, thus recommended, as” Physical and mental health correlation: quality of life assessment among informal caregivers of patients with mental illness in South West Nigeria.”• Limitation aspect of the study should come after recommendation.• The grammatical content of the article needs to be reconstructed for accurate flow.	The correction on the title of the article was noted and effected. The limitation section and recommendation section have been rearranged. The grammatical content was also reviewed by a linguist for correctness and accuracy.
<u>Minor</u> REVISION comments	The article require minor corrections	
<u>Optional/General</u> comments	Recommended for acceptance.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
