

Review Form 1.6

Journal Name:	Asian Journal of Biology
Manuscript Number:	Ms_AJOB_84409
Title of the Manuscript:	Effect of Biostimulant Formulation of Centella asiatica (L.) Urb. Terpenoid Extract with Addition of Micronutrients on the Growth and Yield of Upland Rice (Oryza sativa L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>In the introduction, please describe the biostimulant used in this study in more detail.</p> <p>In the discussion section, please refer to other studies using Centella asiatica (L.) Urb. Terpenoid Extract on rice or plants similar to it. Currently the discussion in this manuscript is weak. Please refer to previous studies on how biostimulants affect specific plant parameters.</p> <p>Please also expand the conclusion chapter so that it is not just one sentence. Include the most important findings from your experiment.</p>	<p>Oke thank you for your kind review. I will revise it</p>
Minor REVISION comments		
Optional/General comments	<p>Editing comments:</p> <p>In the description of , "Place and Duration of Study" I think it should be "Laboratory" and not "Loboratory". Also, please add the name of the country to this description as well.</p>	<p>Thank you for the comments. i will add the name of the country</p>

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p>(If yes, Kindly please write down the ethical issues here in details)</p>	<p>No, there are no ethical issues in this research.</p>
