PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">• The paper mainly focuses on the rescheduling of the meeting in the event of delays in meeting. Solution for these delays is given by using the Hidden Markov Model.• In this paper, the reason behind the meeting rescheduling is clearly explained along with the proper literature survey.• It will add value to the paper if the implementation process of the solution is explained with some screenshots as it is mentioned in the paper that authors have used Minitab for analysis.• Analysis with some data samples must be added in the paper	Authors appreciate such constructive comments
<u>Minor</u> REVISION comments	Authors add the data samples of analysis done. Check the spelling mistakes in the paper	No spelling mistakes have been sighted yet. Authors would be glad if such mistakes are directed for further corrections
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
