Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> • Add maternal health, , fetal heath in the keywords • Diet part : add paragraph illustrate its impact on maternal and fetal health • Should follow APA style in writing reference • Most of references are need to be updated , • Editing the manuscript 	<input type="checkbox"/> Add maternal health, , fetal heath in the keywords <input type="checkbox"/> Diet part : add paragraph illustrate its impact on maternal and fetal health <input type="checkbox"/> Should follow APA style in writing reference <input type="checkbox"/> Most of references are need to be updated , <input type="checkbox"/> Editing the manuscript Answer: <ol style="list-style-type: none"> 1. Maternal health and fetal health added to the keywords 2. Another para under diet added. 3. The author guidelines do not require APA style: "Note: List the first six authors followed by et al. Note: Use of DOI number is encouraged (if available). Note: Authors are also encouraged to add other database's unique identifier (like PUBMED ID). For Articles not in English.Forneau E, Bovet D. Recherches sur l'action sympathicolytique d'un nouveau dérivé du dioxane. Arch Int Pharmacodyn. 1933;46:178-91. French." 4. DOI provided where available. All references used are essential to the key messages of the manuscript. Using newer references will not reflect the main message of the article. 5. Manuscript edited.
Minor REVISION comments	<p>Delete the non relevant paragraph in introduction (Pregnancy usually lasts about 40 weeks (about 9 months) and is usually split into three trimesters¹. The first trimester is from week one to week 12, the second from week 13 to week 28 and finally the third from week 29 to week 40. Infants born before 37 weeks are considered preterm, those born between the 37th and 38th week of pregnancy are called early term. Those born at 39 weeks or later, are considered full term²)</p>	<p>Delete the non relevant paragraph in introduction (Pregnancy usually lasts about 40 weeks (about 9 months) and is usually split into three trimesters 1 .
