General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpr.com/index.php/AJPR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ul style="list-style-type: none">- Carefully check the text formatting. Several excerpts with incorrect spacing, text without justifying and sentences starting with a lowercase letter.- In the article, change the terms "covid infection" to "infection by the SARS-CoV-2 virus". Coronavirus disease (COVID-19) is an infectious disease caused by the SARS-CoV-2 virus. For example, in the excerpt below and in the keywords: There is significant association between IgG titre and timing of of antibody testing after covid infection- In the objectives of the study, write in text form, and not in topics.- Add captions to figures 1 and 2.- Adjust the formatting of tables 1 and 2. As it was done, they are tables and not tables.	Thank u sir for your valuable comments.We all tried our best to correct our mistakes.
Optional/General comments	The article has an interesting theme, the results were correctly expressed and the discussion is good. However, I suggest revising the text and redoing the tables for the article to be published.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
