PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Brucellosis and internal and blood protozoan parasites both damage camel health, while why these diseases are discussed in one study? Is there association between them? I suggest the authors to indicate the significance of this study in the Introduction section. Please add appropriate explanation to figures and tables in the Results section.	Ok
Minor REVISION comments	Please clarify the quantity of camels used in this study.	Ok
Optional/General comments	Please check the grammar errors and typos throughout the manuscript in order to improve the readability.	Ok

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Since there was an experiment on animals and only samples were taken from animals there was no need of ethical issue according to regulations in our country
