PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I am confused with genotypes numbers such as P[1], P[11] and others and references numbering. Can you use genotype numbers without brackets?	Dear reviewer: This nomenclature is used universally with brackets.
Minor REVISION comments	Since manuscript does not have line numbers, it is difficult for me to describe proposed changes. Therefore, I made some edition of English in the Word file and provided a .pdf copy of the edited file.	Dear reviewer Their suggestions it was modified, and included in the manuscript.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
