General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajravs.com/index.php/AJRAVS/editorial-policy>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | Sub-clinical mastitis (SCM) remains a serious problem in dairy farming all over the world. Therefor this MS is important. The results an conclusion are adequate. One serious problem in this MS is the definition of SCM by CMT, since the sensitivity of S. aureus is quite low in SCM. This has to be addressed already in the summary, as well as in the introduction and discussion. All comments are issued in the MS. | Noted Correction made accordingly Done as suggested |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
