PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The case is very interesting. The development of the article is good. I would modify the title, by Partially Regressive Melanoma in a patient with Clark's nevus syndrome. On the other hand, if they had the dermatoscopy image, it would be appropriate to add it. Finally the complement of images, which are those of immunohistochemistry.	Noted
<u>Optional/General</u> comments
