Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajriz.com/index.php/AJRIZ/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>From the abstract -</b> Infection rate increased with increase in age – however table 3 col 3 shows otherwise. – please have some correction.  I found no conclusion in the manuscript	Correction was duly done and conclusion added
<b>Minor</b> REVISION comments	In the methodology or in the last part of the introduction probably the author can include description of the study area and the population – so that we can understand why malaria is prevalent.	Population of Awka was added as suggested
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
