Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrnh.com/index.php/AJRNH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">In methods it is not clear if nurses work in adult, paediatric or both emergency departments.It is not clear how was questionnaire validity assessed.In ethical considerations the number of ethics committee approval should be indicated.In discussion results from this study should be addressed from a patient point of view (which is the impact of these results to patients?).References are too old (one reference was published in 2018 and all the other 24 references were published prior to 2018).	Noted all revisions Correction amended Revision amended Done
Minor REVISION comments		
Optional/General comments	I recommend changing the word "she" to a more gender inclusive sentence in the following phrase: "The nurse plays a vital role in Triage in the emergency unit. <u>She</u> is at the front line in reception of patients into the unit."	OK

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
