Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. I think, Linguistic need is necessary throughout the article.2. Please add " arrow" signs for ultrasound and MRI images.3. please correct the spelling mistakes for figure 4. 'per Operative picture showing the conventional incision of carpal tunnel syndrome. Extended to the palm and the resectes tumor'. 'Puncture and resectes" should be corrected. Intraoperative should be used instead of "per Operative"4. "Figure 3 : MRI exploration showing the tumor in homogeneous T1 and T2 hypersignal" this sentence should be corrected. Image should be used instead of "exploration"5. structured abstract is unnecessary.6. "case report" should not be used as a "key word"	<ol style="list-style-type: none">1. Linguistic corrections were done2. Arrows were added3. These corrections were done and highlighted4. The term image was used5. Is it a problem if the abstract is structured ?6. This key word was deleted
