

## Review Form 1.6

Journal Name:	<a href="#">Asian Journal of Soil Science and Plant Nutrition</a>
Manuscript Number:	Ms_AJSSPN_84401
Title of the Manuscript:	Impact of organic and inorganic fertilizers on yield and yield contributing characters of Mustard (Brassica napus L.)
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajsspn.com/index.php/AJSSPN/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The interest purpose of the study is to investigate as the yield of Mustard as influenced by the different applications of organic fertilizers and inorganic fertilizers and also find out the best dose of combined application of organic and inorganic fertilizers for optimum yield. This study finds the vermicompost tended to be the most suitable organic source for higher yield and thus is the proper substitute of the most commonly used nutrient sources for the production of mustard.</p> <p>The proposed objective(s) of this work is not clearly expressed in the body of the manuscript</p>	Revised the main manuscript body with yellow colour.
<b>Minor</b> REVISION comments	<p>It should be clarified that the 15 plots are 5 treatments with 3 repetitions.</p>	
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
