PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">• Include relevant photographs of the plant samples of each species collected preferably showcasing the technique of collecting measurements.• Mention and confirm if the leaf samples collected for study were mature and healthy ones.• More review required to correlate the use of morphometric characters in plant taxonomy.• In the reference for The Plant List, besides the access date, mention the year too.• Reference pattern for referred books need to be modified as per the APA format.	As reviewer's comments on my manuscript after that I have rectified those comments as instructed by the reviewer.
Minor REVISION comments	Plenty of grammatical errors and sentence formation needs revision.	As reviewer's comments on my manuscript after that I have rectified those comments as instructed by the reviewer.
Optional/General comments	More exhaustive discussion about correlation of obtained results with previous related works needed to speculate or establish the conclusions.	As reviewer's comments on my manuscript after that I have rectified those comments as instructed by the reviewer.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	no
