PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	A contemporary research work that addresses one of the prominent perennial environmental issues in the society that tends to affect different sectors of the economy and fundamental right issues, as such, a global phenomenon. The writer did justice to the issue examined to a large extent. The author however needs to improve on some aspects of the study to enhance its quality (see the editorial work page by page for details).	I agree with and appreciate the reviewer's observations and have corrected the manuscript in line with that.
Minor REVISION comments	Interact with quoted materials as much as possible and always establish linkage between and among paragraphs; avoid long paragraphs; consider the suggestions on the concluding aspect; follow the approved reference format to letter.	I accept the reviewer's comments and have effected corrections on the affected areas.
Optional/General comments	Work on the sub-headings as indicated in the review.	I agree with the reviewer and have worked on the sub-headings.
