### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalarjass.com/index.php/ARJASS/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Excellent paper on sexuality among women in Tanzania. Could be a taboo subject but becomes an effective discussion paper. Good level of language. Effectively researched. Well referenced.	Thank you very much for the comments.
<b>Minor</b> REVISION comments	May be some diagrams could better illustrate the situation. A summary of key findings can help.	-Thank you for the suggestion. However, I could not find information that can be illustrated using diagram/s.  -I have added the following summary of key findings;  Summary of key findings WSW in Tanzania identify as lesbian, transgender, tomboy or bisexual. Same sex relations are practiced by women of all ages but common among the youth, practiced by married women and women with children, and commonly start in girls boarding secondary schools. WSW are of varying socio-economic status with some WSW socially disadvantaged due to rejection, stigma and discrimination. WSW engage in risky sexual and health behaviours, such as promiscuity, transactional sex, alcoholism, smoking, and drug abuse.
<b>Optional/General</b> comments		

### PART 2:
