PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Corrections should be made on the text. It is necessary to pay attention to the spelling rules regarding p values in the text. If the letters are the same as a result of the statistical analyzes in the tables, it would be more appropriate to write NS.	Correction regarding P values made. Reviewer comment: It would be appropriate to explain the results in the tables after the tables. Answer: is suggested that the discussion about the tables and figures should appear in the text before the appearance of the respective tables and figures.
