PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1) The conclusion is too small not having plenty information for publucation. 2)The abstract and introduction must explain the type of reseach carried out.	Changes made in revised document to respond to these concerns
Minor REVISION comments	1) Author should consult more papers old research in this line or more information to have more reference..imagine author have just 9 reference materials consulted.which is too poor.consult more materials to convince us that you have enough for publication.Reference should be plenty up to 100 to 300.fir a quality manuscript.	Revised document has responded to these concerns
Optional/General comments	1) Good tables and good write up.please kindle add graphs and chats to make this work best among others and richest. 2)Add statistical results too	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
