PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">- Abstract is not well written!- Absence of facts & references!- Problem statement needs to be presented in acceptable manner- Your research method is good but you need to present it in more details (e.g. how did you collect the data, how long take time and etc)- Your results need to be supported with strong discussion!- The final conclusion is not reached! What was presented in it are just recommendations, Therefore, authors need to be precise and informative in their final conclusion!- List of references required to be checked!- In the last page, the presented Figure, I suggest to remove it from the paper since the same contents are already written in Table 3!- Replace Letters (I, II, III) with Numbers (1,2 3) in the 3 presented Tables! English language needs some polishing!	Majority of the recommendations/ suggestions were considered positively and made changes accordingly in the final or corrected article.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
