

Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_84737
Title of the Manuscript:	A Review on Present Status and Recent Development of Colorimetric Pesticide Assay Test for Safe and Sustainable Agriculture with special reference to Clean Food Production
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjast.com/index.php/CJAST/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The observations are minimal in format. I consider that the main one is that the title is very long and can be shortened. And they put too long a text as a summary, which is not a summary. The other observations are attached to the manuscript.	As per the comments of the Respected reviewer: 1. The Title has been shortened 2. The Summary has been made concise 3. All other observation marked in the manuscript has been changed accordingly
<u>Optional/General</u> comments	It is a relevant, interesting, and very complete manuscript. I congratulate you.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
