PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript Design and Fabrication of Manually Operated Paddy Weeder. It can be considered as a contribution in the line of social technologies, despite its simplicity, it helps farmers to develop methods of manufacturing this equipment, as well as apply them efficiently in the daily life of rice crops.</p> <p>However, some reservations must be made in relation to the writing and grammar of the article, also, if it is necessary to review the literature, in a more up-to-date context, and referential citations must be introduced throughout the text.</p> <p>Therefore, I agree that this manuscript be accepted for publication.</p>	Thank you for the reviews. As suggested more exhaustive and recent literature reviews are added with their citations throughout the text.
Minor REVISION comments		
Optional/General comments
