PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>In the Abstract it is necessary to correct the phrase: “Results of these analyses suggestively indicates that. (1). The physical phenomena ...” to “Results of these analyses suggestively indicates that: (1) the physical ,,,; (2) ... ;</p> <p>The paper must to present images and diagrams to illustrate the phenomenon and its specificity.</p> <p>It is necessary to write a short history to revisit some works of Halton Arp, Margareth Burbidge, Anthony Peratt to introduce in a wide range initially to become the text more</p>	<p>The first correction effectively effected, thanks for pointing it out.</p> <p>The research employed statistical method and the source of the data used was cited, so we do not see the need for diagrams as can be seen from the table that the plot diagrams are many.</p> <p>Thanks for pointing out, but you would agree with us that there are many good works related to this topic out there, and one can hardly be an encyclopaedia of them all.</p>
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
