PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Good article, however following revision is required. 1. Describe and cite table 1 in the text of Manuscript. 2. Cite all the references as per Vancouver System or Journal Format I.e as superscripted numbers after full stop or comma at the end of sentences. 3. In the references section, enlist all the references as serial number 1,2,3..... and so on and write them as per Vancouver System of Writing References or Journal Format.	Table 1 is not referenced from any source but the product or result of the research work. The said table is found in the result section. In-text citation and reference page have been re-formatted to follow Vancouver numbering system or journal format.
Minor REVISION comments	Nil	
Optional/General comments	Nil	

PART 2:
