

Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_88237
Title of the Manuscript:	Gastroprotective activity and acute toxicity of the aqueous extract of <i>Cylicodiscus gabunensis</i> Harm. (Fabaceae) trunk bark
Type of the Article	1 Original Research Article

Comment [O.I.1]: SUGGESTION:
Gastroprotective activity and acute toxicity
of aqueous extract of *Cylicodiscus
gabunensis* Harm. (Fabaceae) trunk bark

General guideline for Peer Review process:

This journal’s peer review policy states that **NO** manuscript should be rejected only on the basis of ‘**lack of Novelty**’, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>The introduction is mixed with the methodology. There are some gaps that need to be adjusted, such as: Explaining more about the extract used and medicinal characteristics. Also, there was no mention of the use of rats in studies like this one.</p> <p>In the methodology, how many rats were male and how many were female?</p> <p>How were the doses administered to the animals determined? Was it based on any evidence?</p>	done
Optional/General comments	<p>The manuscript presents interesting findings for the study area, and may contribute with innovative methods for the treatment of gastric diseases.</p>	thanks

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Not applicable
