

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_76205
Title of the Manuscript:	Diversity in Cucumber (Cucumis sativus L.) Genotypes Based on Morphological Yield Traits with Protein Profiling
Type of the Article	Research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>In my opinion, the article is incomplete. Although the paper contains numerous results obtained by experiment, it does not contain discussions and has no chapter of conclusions.</p> <p>The chapter on Materials and methods would require a restructuring, possibly changing the order of information.</p> <p>The titles in the Reference section are not quoted in the text (only 2 of them in the introduction)</p>	Noted and corrected
Minor REVISION comments	The work must be arranged according to the template and the requirements for the authors	
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
