PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Author write the research paper without reading the journal guideline. 1.Major revisions are needed as mentioned on the manuscript. 2. Abstract are very short and nothing is clear, last line is very understood, no need to write in abstract. Whole of abstract need to be rewrite. 3. Very old references are need to remove and add recent one-Yield reduion up to 45% (Manhas <i>et al.</i> 2012). It has been observed that more than 60% of applied fertilizer was taken up by weeds which results lower nutrient availability for crop (Puniya <i>et al.</i> , 2007). 4. Materials and metho0ds are insufficient. 5. Results and discussion part is very weak, need to be improve by supporting recent references.	All the necessary corrections were done as indicated
Minor REVISION comments		
Optional/General comments		

PART 2:
