PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. It is better increase the keywords2. Arrange the keywords in alphabetical order3. Please try to use latest references (you have used old references)4. Try to use uniform font size accordingly throughout the whole paper5. Include the statistical analysis result on the abstract6. You have written the coefficient results by using (), but it is better if you another format like Table....instead of using parenthesis or you can discuss only on the main points, main factors, major differences....7. You should include the statistical analysis in the standard way, i.e write the title of analysis, the statistical software you used, the confidence interval....8. You have to use uniform and standard space length in the paper for example you have used 0.60 mg and 0.08mg (check the space used for the whole paper)	Amended revision Correction made Done
Minor REVISION comments		
Optional/General comments	Rewrite and recheck the whole paper so that it will be good paper	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
